

102	Administrative computer
104	RSA management network
106	bootable computer
202	CPU
204	processor interface bus
206	North Bridge
207	Memory controller
208	(high speed) interconnect bus
210	South Bridge
212	system memory
213	USB host controller
214	RSA-II Card (remote supervisor adapter)
216	Super Input/Output (I/O)
218	parallel port
220	serial port
222	keyboard controller
224	floppy disk controller
226	enhanced integrated device electronics (EIDE) port
228	video controller
230	video display
232	RSA network
234	CD-ROM drive
236	Floppy disk drive
302	CPU
304	processor interface bus
306	North Bridge
307	memory controller
308	Interconnect bus
310	South Bridge
312	memory
313	USB host controller
314	Universal Serial Bus-Storage Device Emulator (USB-SDE)
316	Super I/O
318	Transmission Control Protocol/Internet Protocol (TCP/IP) to Universal Serial Bus (USB) converter
320	USB to TCP/IP converter
322	Network Interface Card (NIC)
324	USB device
326	modem
328	Video controller
330	Video display
332	Array of MSDs
334	Remote Disk Java Applet
336	USB MSD Interface
400s	blocks
